

CloudTask Refund Policy

Category: Billing | Version: 1.0 | Document ID: refund_policy

1. Overview

This document outlines CloudTask's refund policy for all subscription plans, including Free, Pro, and Business tiers. CloudTask is committed to transparency in how refunds are evaluated and processed.

2. Refund Eligibility

2.1 Customers on a paid plan (Pro or Business) may request a full refund within 14 days of the initial purchase date, provided the subscription has not been renewed more than once.

2.2 Refund requests made after the 14-day window will not be honored, except in cases of proven billing errors (see Section 4).

2.3 Refunds are not available for the Free plan, as no payment is collected.

2.4 Enterprise customers with a custom contract follow the refund terms specified in their signed agreement, which may override this policy.

3. Refund Process

3.1 To request a refund, customers must submit a request through the Billing section of their account dashboard, or contact support at billing@cloudtask.com.

3.2 Refund requests are typically processed within 5-7 business days.

3.3 Refunds are issued to the original payment method used at purchase. CloudTask does not issue refunds via alternate payment methods or bank transfer unless the original method is no longer valid.

4. Billing Errors and Duplicate Charges

4.1 If a customer is charged twice for the same billing cycle due to a system error, CloudTask will issue a full refund for the duplicate charge within 3 business days of verification.

4.2 Customers should report suspected duplicate charges immediately through the support portal, including the transaction ID if available.

4.3 CloudTask reviews all duplicate charge claims against internal payment logs before approving a refund.

5. Subscription Cancellations

5.1 Canceling a subscription does not automatically trigger a refund. Customers retain access to paid features until the end of the current billing cycle.

5.2 No partial refunds are issued for unused time within a billing cycle, except where required by local consumer protection law.

6. Annual Plan Refunds

6.1 Annual subscribers may request a prorated refund within the first 30 days of purchase.

6.2 After 30 days, annual plans are non-refundable except in cases of billing errors as outlined in Section 4.

7. Non-Refundable Items

The following are never eligible for a refund:

- Add-on purchases that have already been consumed (e.g. extra storage used)
- Custom onboarding or training service fees
- Renewal charges older than 14 days without a billing error
