

CloudTask Subscription Plans & Policy

Category: Billing | Version: 1.0 | Document ID: subscription_policy

1. Available Plans

CloudTask offers three subscription tiers:

- Free: up to 3 projects, 1 workspace, 2 team members
- Pro: \$12/user/month, unlimited projects, up to 20 team members per workspace
- Business: \$25/user/month, unlimited projects and members, advanced integrations, priority support

2. Upgrading a Plan

2.1 Upgrades take effect immediately. The price difference for the remaining days in the current billing cycle is charged on a prorated basis at the time of upgrade.

2.2 All data, tasks, and workspace history are preserved automatically when upgrading; no migration steps are required.

3. Downgrading a Plan

3.1 Downgrades take effect at the end of the current billing cycle, not immediately.

3.2 If a workspace exceeds the limits of the lower plan (for example, more members than the Free plan allows), the account owner must remove members or archive projects before the downgrade date, or the downgrade will be delayed until the workspace is within limits.

4. Free Plan Limits

The Free plan is limited to 3 active projects, 1 workspace, and 2 team members. Task history is retained for 30 days. File attachments are limited to 5 MB per file.

5. Team Member Seats

5.1 Pricing is per active team member (seat) in a workspace, billed monthly or annually.

5.2 Removing a member frees up a seat immediately, but the seat reduction is only reflected in billing at the next billing cycle.

6. Trial Periods

New workspaces on the Pro or Business plan receive a 14-day free trial. No payment method is required to start a trial. If a payment method is not added before the trial ends, the workspace automatically reverts to the Free plan.
